OUR WASHINGTON LETTER

FROM OUR REGULAR CORRESPONDENT

WASHINGTON Saturday Nov 14 1868

THE NEXT PRESIDENT

It is now quite certain that Grant and Colfax have carried twenty six States with 214 electors and an aggregate popular majority in those States of about 500,000 votes Seymour and Blair have seven States—New York New Jersey Delaware, Maryland, Kentucky Georgia and Louisiana (and possibly Oregon) with 80 electors and an aggregate popular majority in those States of about 180 000 This leaves the Republicans a majority of 134 or 137 electors in the 34 States which voted for President and a popular majority of over 100 000 votes

MEMBERS OF CONGRESS ELECTED

A careful examination of the returns so far as made up the present time shows that 15 Republicans and 3 Democrats have been elected to the next Congress which will give a Republican majority of 60 in the House after the 4th of March Georgia, Alabama, Florida, Connecticut and New Hampshire, have yet to elect members If those States, which send 22 members, elect half Republicans and half Democrats, which is about a fair estimate, the next House of Representatives will contain 144 Republicans and 84 Democrats—Republican majority, 60

PACIFIC RAILROAD

Several days ago the 4th section of the Pacific Railroad was accepted by the Government, making 900 miles completed west of Omaha At the same time the Central Pacific had 680 miles completed east of Sacramento, making 1,260 miles of the great international railway then in running order which has since been increased to over 1 000 miles At this rate the road will undoubtedly be completed during the early part of next summer If Government aid can be obtained at the approaching session of Congress for a branch leading from some point in Nevada to Portland, Oregon will soon be in direct railroad communication with all the Atlantic States, and will, in a short time become one of the richest and most prosperous States in the Union

GEN GRANT AND PUBLIC DEMONSTRATIONS

Gen Grant declined all public demonstrations on his way from Galena to Washington and accepted the fuss and hand shaking almost entirely by passing over the route unannounced, and before he was expected Great preparations had been made in Washington for his reception by the Mayor, city officers, various Republican clubs soldiers' and sailors' organizations, and "prominent citizens" But the General escaped them by coming in the night when they least expected it some four days before the time when it had been announced that he would arrive Determined not to be foiled, a number of the members of the city government and the various organizations called on the President elect at his office, and in reply to the Mayor, who, as the spokesman of the party tendered him a public demonstration, to come off at such time and place as might be most agreeable, Gen Grant said

"I am glad to meet you all and receive your congratulations, but I hope you will spare me any public demonstration I live in this city and like to avoid demonstrations here as elsewhere, and with my consent there cannot be any I am always ready to meet such gentlemen as may call upon me at my house or office, at any time, without public display or demonstration This would be much more agreeable to me, and I hope it will be agreeable to you"

The Mayor replied "We shall certainly study your pleasure in this matter"

Gen Grant said "I am not unmindful of the feeling intended to be displayed by a public demonstration, and you must take all this for granted" [Laughter]

CONGRESS

I met Tuesday, the 10th, Vice President Wade and Speaker Colfax appeared in their respective chambers in the Capitol, and adjourned Congress until December 7th Messrs Corbett, Harlan, Morgan and White were the only Senators present and Messrs Colfax, Keily, O Neil, Kellogg, Dawes, Lincoln, Stewart, and Ingersoll were the only members who made their appearance in the House O J Dickey, successor to Thad Stevens was among the spectators in the hall, but did not qualify

CONSTITUTIONAL AMENDMENT

It is understood in political circles that on the first day of the coming session of Congress, Judge Kelly of Pennsylvania will introduce a new constitutional amendment, regulating suffrage throughout the United States The measure will most certainly pass, and two thirds of the State Legislatures being Republican, the amendment will most likely be ratified, and the question of suffrage settled forever

RECEIPTS AND DISBURSEMENTS OF THE TREASURY.

Gen Spinner, Treasurer of the United States, has just completed his report of the operations of the Treasury for the fiscal year ending June 30, 1868 It shows that the total receipts, in round numbers, including a balance of $179 000 000 on hand at the beginning of the year, $625 000 000 received from loans, $164,000 000 in gold received from customs, and from internal revenue and all other sources, amounted to one billion two hundred and forty five million dollars The total disbursements during the same period including $848 000 000 paid on account of public debt, amounted to one billion one hundred and fifteen million dollars leaving a balance of one hundred and thirty millions in the Treasury

REVENUE SUPERVISORS—DR BAILEY

Among the Supervisors of Internal Revenue confirmed by the Secretary of the Treasury during the week is James R Bayley of Corvallis the Supervisor of the District of Oregon Appraiser D Oregon Washington Idaho and Montana He makes twelve Supervisors appointed and confirmed leaving thirteen yet to be confirmed

SOME OF GEN GRANT'S CORRESPONDENTS—

The New York *Tribune* rescues from Gen Badeau's daily bonfire a few of the letters said to have been found in Gen Grant's mail when he got back to Washington They are good enough to be copied and here are the best of them

BOSTON, Mass Nov 4

Respected Sir—I am the great grandson of my great grandfather My running for Governor has given you a larger vote in Massachusetts than any President has ever before received This sacrifice I made simply because I learned your election and my father thinks that I re attributed largely to the recent glorious result in all the States If you have any difficulty in disposing of the English mission, I will be happy to accept it This I do as a compliment to yourself because I want your administration to succeed and I really do not seek it can without the active support of my family If you will suggest me I will support you Yours,

JOHN A ANDREW Jr

NEW YORK Nov 5 1868

Honorable Sir—My distinguished friend Mr Seward was made Secretary of State because he was able to express a given idea in a greater number of sentences than any other public man His appointment you will admit was a great success as it has added largely to the interests of the country I entreat that distinction with him I am entitled for the four thousand dollars from which I paid for the publication of the Weekly Herald It is true that these have received a limited circulation but I have no doubt they contributed to your triumph I will send you a select number by a special car and if you feel honored sir, after perusing these communications that it will be worthy of your regard to confer upon me the Secretary of State telegraph to me immediately I can promise you that Mr Johnson will make no more speeches his time will be altogether occupied in making my dispatches Yours &c [illegible]

[Public Dispatch] NEW YORK

My Dear Lord—My leaving the country secured your election Everybody admits this Don't make any promises till I get back Don't forget little Raymond. T W

The Daily Herald.

THURSDAY MORNING DEC 3 1868

True to the Main Chance

Some time ago notice was given that Secretary McCulloch and Commissioner Rollins had entered into an agreement or understanding with the appointing authorities under the new law which half the appointments should be Democrats and half Republicans This was known as an uncompromising Republican Mr McCulloch has been distinguished from the start to the present time for his adherence to My Policy and his steady faith in the election of Seymour and Blair

Our Washington letter states that Treasurer Bayley of Corvallis has been appointed Supervisor of Internal Revenue for Oregon and the adjoining Territories Whether this confirms the opinion that the appointments of Rollins or of McCulloch's And in connection with the political standing of the appointee is such that we have no means of judging with certainty whether he is appointed as a Republican or a Democrat Under all the circumstances however we are inclined to think that the appointment is one of McCulloch's own, made in pursuance of his agreement with Rollins

Towards the avowed enemies of the Republican party we believe in acting in a broad and liberal spirit, or at least in being friendly with them if they desire it; but we believe that no man who was tainted with Johnsonism should receive quarter We have in this State men now in office and others at work to get office, who have been Lincoln Johnson Chase-Grant men from the first Early in 1866, when the rupture took place between Congress and the President these men entered into a coalition to Johnsonize and debauch the Union people of Oregon The Salem *Statesman*, which had claimed to be a Union paper, took up for My Policy, denounced Congress, and with both its hands full of Administration bread and butter commenced a vigorous war on the Republicans of this State who were not ready to go with the Lawyer Its course was inspired by a class of men, some of whom held and still hold office, and others of whom then expected and are still clamorous for official advancement The OREGONIAN at that time had a hard struggle with them and their organ and when it became apparent that Copper-Johnsonism was not going to succeed, they gradually backed down. When it grew evident that the Republican party was destined to win in the great national contest, these men of course became friends for Grant But had the Republican party persevered no men made of truer stuff than they, national affairs would now be in a sad plight for a fight The Republicans of Oregon feel that these men who were so ready to sell principles and so willing to sacrifice the country for the spoils of office, are not the individuals who should now be trusted and honored If they quietly subside we shall let them alone; but if they push themselves into prominence, a more personal and direct application shall be given to our remarks The Republican party is not now in such a condition as to consent to lower its flag to those who are willing to betray it We have a vivid and painful recollection of the [illegible] with this unnecessary brigade [illegible] ago,

Railroad Progress.

The railroad era has fairly commenced in Oregon, no one can doubt it who inspects the work now in progress The east side road is actually graded for a distance of seventeen miles In this distance the short intervening unfinished work are not included A road is also about one thousand feet between Oregon City and Canemah to be completed, and two or three short points near Portland With these exceptions the road is finished nearly to the Santiam river. Owing to the rains this part of the work has been discontinued for the winter, but work will be carried on with vigor in the factory's mills and shops A large saw-mill has been put in operation two miles east of Milwaukie, which will run during the winter on the ties for the road The mill is every way complete and substantial, and is expected to cut this summer for half a mile of road per day. It is established in an excellent body of timber, and is doing good work Another mill is being erected about one and a half miles distant from the one now in operation, which will be employed exclusively in cutting timber for bridges and trestle work It will be so constructed as to saw timber one hundred feet in length, when such timber is required. As fast as sawn, the timber will be framed and put together and as that track is laid it will be carried to the places for which it is designated It is intended to prepare at this mill all the timber needed for the road as far as the head of the Wallamet valley A considerable force of men are at work in the car shops near East Portland, and at all these places the work will be continued without interruption About one hundred and fifty men will be kept employed during the winter with the attention to have the road ready for the rails by the time the iron begins to reach here in June next After the rains cease next spring the grading force will be again organized and this part of the work prosecuted as fast as the iron can be furnished for the track The enterprise seems to be in a favorable condition and we expect to go to Salem by rail next year and possibly to Eugene

FREEDMEN'S BUREAU The annual report of the Freedmen's Bureau just made by Gen Howard shows an expenditure during the year, of $4 977 000 He deems necessity for continuing the Bureau beyond New Year's Day at which time it expires by Congressional limitation and his recommendations for the future look only to confirming Freedmen's hospitals at Washington Richmond Vicksburg and New Orleans the estimate for all of which amounts to only $99 000 The educational work and that of aiding freedmen to collect their claims it is already provided by law shall continue until further action is had by Congress But the bureau will have surplus funds enough to go on in this work without further appropriations Of school expenditures during the past year were $2 000 000 of which the freedmen paid $800 000 Northern benevolent societies $700 000 the bureau $94 000

WHAT HAS BEEN SETTLED The New York *World* admits that the election has settled two matters very effectually If this be all that the greenback issue is dead and that reconstruction as accomplished is a finality Of these issues the *World* says The greenback question and the reconstruction question have undoubtedly been the dead issues in federal politics They were in their very nature fleeting and temporary The Democratic party cannot attempt to keep them alive without running counter to great cardinal principles on which the party has always stood"

Maintaining an Organization

We observe that our Democratic exchanges are filled with appeals to their readers to uphold their party organization This is perhaps well enough and may be easily done as the party has dwindled down to such small proportions that the organization ought to be upheld with not any very agonizing effort But what is that organization which is to be so scrupulously maintained If this country answers not Hell was

In 1860 Buchanan and his gang claimed to be the Simon Pure Democratic party and when Lincoln was elected that convention held in Charleston adjourned and elected a President and Vice President made a new Constitution and started a new government In 1864 the other wing of the Democratic party met in Chicago and solemnly declared that the four years war to suppress the Democratic government of the Southern States and the Montgomery Constitution was a failure and would always be so they sent this cheering greeting to their Southern brethren who withheld their credulity and renewed their struggle to destroy the Union In 1868 the two organizations were united Forrest and Preston and some sixty others who had sworn allegiance to the Jefferson Davis government who had borne arms against the American flag and representing the old Breckinridge organization met an equal number of Vallandighams and other friends in New York, and there the united organization declared that the laws of the Federal Government should be disregarded and that the Executive should use the army to restore the rebels to power and the emancipated slaves to subjection again

That is the organization and that is the principle which the Democracy propose to stand by and with which they expect Gen Grant the victor at Appomattox and the choice of the Republican party to identify himself as President They promise him the immortality which they intended for Seymour They propose that he shall reap the glory of involving the country in another civil war, and tender him the immediate service of every Confederate soldier and pirate

Shortly after the election in 1864 in which the rebel States were not allowed to take a part the rebels and their Northern friends frantically adopted the suggestion that France and England intended to notify the United States that thereafter they would only recognize Mr Lincoln as President of those states which had been allowed to participate in the election, and for two months these credulous people believed that story and confidently expected such a declaration The Chicago *Tribune* rightly declares that the creed duty which now induces these same men to believe that General Grant proposes to join the Democratic party, repudiate the Republican party, put the Congress at defiance overturn the reconstructed State Governments and by the bayonet restore the rebels to power and extinguish the political freedom of the negro population, is on a par with that which has marked the whole career of the Democratic party since it became the actor in, and the apologist for, treason and rebellion

Printing Office Destroyed

The office of the *Frontier Index* newspaper was destroyed by the late riot at Bear River City To show what the world has lost by this act of violence, (which however did not arise from politics) we quote the following from the last [illegible] of that paper

Grant, the whisky bloated, squaw ravishing adulterer, monkey ridden, nigger worshipping, Mogul, is rejoicing over his election to the Presidency. On the fourth of March next, the half born mirage will (if he be alive) assume the honors (?) and robes of a Dictator The scepter he already holds (in his sword) to be wielded with a tyrant's hand, in such brutal perpetrations as may be suggested by a Usher's vicious brain!

The same article closes as follows

The leading Radical politicians and Vampyres have wives their bed, however, and our prayer shall be that their necks may be brought to the guillotine with that of the Dictator for we can assure these scheming Jacobins that if Grant attempts to carry out his ambitious nefarious plans the streets of our seven cities will run more blood than did the unfortunate Paris in the days of Robespierre Time only will tell how this 'consummation of one of the mob" will end, and in the meantime we advise our friends to be prepared for the worst Booth still lives *Sic Semper tyrannus*

LAW PROHIBITS CHANGED —We have it from several sources that the old law of Congress providing that one of the lists of persons voted for in each State by the Electors of President and Vice President shall be sent by a special messenger to Washington who shall receive mileage therefor, was repealed at the last session of Congress and that Uncle Sam now carries the lists himself in his own mails As the laws of the last session have not yet been generally published and distributed here we have no means of verifying this statement The Sacramento *Bee* affirms that it is true If so Slater and his brethren are pretty badly sold It would be rough on them to find that after all their anxiety they have grasped only an empty honor

STATE ITEMS

The Polk county paper says the McMinnville Water Ditch enterprise, which has slumbered for a time, has been revived and operations looking to its early completion resumed

The *Sentinel* says the Applegate Bros have disposed of the remaining shares of the Siskiyou Mountain Toll road, to James Thornton The price received for the whole road is $9 500

Says the Roseburg paper A party of fishermen from this place at one haul with a seine last week caught about a thousand pounds of fish salmon and trout They fish in the North Umpqua river about five miles north of here

The Roseburg *Ensign* learns from a gentleman from Coos bay that they are still sanguine in regard to the Coos Bay road to that place and are determined to finish it next summer This valley one is that road and will help in the construction of it

The Republicans of Jacksonville lately had a jubilee Toasts abounded The following was offered in honor of Bro Turner who writes by lightning through the ugh the telegraph and telephone wires writing through the *Sentinel* Wm Turner The lightning manipulator and the swamp angel of the Republican party in Southern Oregon May he never be spiked

The Fort Klamath Camp Logan, a military post established by Col George B Currey in 1864 about 20 miles south east of Carson City has been abandoned recently by military order from Headquarters The officers and troops there stationed have been assigned to duty elsewhere The Snake Indians who formerly infested that country on the head waters of John Day river have all disappeared and there is no longer any necessity for maintaining a fort and a force to take care of it

The great work of Prof Noah Porter of Yale College on The Human Intellect is in press and about to be published by Charles Scribner & Co It is by far the most complete treatise of the kind in the English language and is probably the most interesting and intelligent in any language

The anti Butler campaign cost State street Boston, not less than one hundred and forty thousand dollars

HEARD THE NEWS The *Frontier Index*, a Democratic paper of the Brick Pomeroy style shows by its issue of November 6th that it has heard the result of the Presidential election It says

We have endeavored by every means possible to obtain accurate and full returns from the Presidential election and the result is a mass of conglomerated rumors out of which we decipher New York 55 000 majority for Seymour and Blair Kentucky and Maryland of course gave a Democratic majority The natural conclusion is that Grant and Colfax are elected, though the silence that follows this election is like the dead calm that pervades just before the storm The clouds of revolution are lowering On with it! Freedom to the white race! Off with the crown of the military dictator—Grant! The sooner the tocsin of war is again sounded the better The next will not be rebellion It will be revolution under the old flag We will bet a quarter that Horse Useless Grant is so drunk to day that he has to lean upon his sword and the sword is in the bung hole of a rye barrel Whisky bloated military dictator of the new monarchy of America—late United States

MRS E Oakes Smith made a speech for Seymour and Blair at Jamaica L I last week She of course abused the Republicans and she said of Gov Seymour that he is "too good a man too good a Christian and too much like the blessed Savior to call the New York voters anything but friends It takes a woman to see it in this light

CHARITY.—A large class of people professing to be virtuous on many occasions forget that the charitable to a fellow being is the least virtue a person can possess It is always by giving money that a person can only show their charity A good advice is often better than money For instance Meeting a person who wishes to force even a common fine unit of either or any oil or refill to in the Clothing pr Dry Goods line is it not a charitable act to hand that person to recommend them to go to Kohn & Finkelstein being certain that at that House they can get those at the lowest rates and receive good goods and where the most part called can be satisfied?

PROCEEDINGS.—The Common Council of the City of Portland met on Wednesday evening, Dec 2, 1868, pursuant to adjournment. Mr. Boyd in the chair—the Council was opened by the President and the roll read by the Clerk.

Councilmen Besser, Breck, Burch, Hoskins, Hallock and Porter—7.

The minutes of the last meeting were read and approved.

COMMUNICATIONS, PETITIONS, ETC.

A petition from School District No. 1, relative to the improvement of Sixth street, adjoining the Harrison Street School House, was referred to the Committee on Streets and Public Property.

A petition from Nathan Loeb and others, praying for the improvement of Stark Street between Front and Sixth, was read.

A petition from C. F. Kenben and others, relative to the proposed improvement of North Tenth street, was read and referred to the Committee on Streets and Public Property.

REPORTS OF STANDING COMMITTEES.

The Committee on Streets and Public Property, to whom was referred the petition of John Donnelly for damages on account of a small-pox case having been lodged adjoining his premises, reported in favor of allowing the said damages to the amount of a three months' license for his saloon. Over this report a long discussion rose between a portion of the members, for and against its adoption, when on the vote to adopt.

REPORTS OF OFFICERS.

A report was read from the Street Commissioner relative to repairs needed to the Nicholson Pave on First street, at the intersections of Ash and First and Ash and First streets, and to the Street Commissioner was instructed to notify property owners adjoining to re-

Reports of the City Recorder and Marshal for the month of November show the amount received for fines and fees to be $141. Recorder's report was referred to the City Attorney for examination and report corrections.

A report was received and read from the City Physician relative to the care and expenses of patients in the Pest House, with accompanying bills amounting to the sum of $227, which was referred to the Committee on Claims.

CLAIMS.

The Recorder's fees for the month of November was read and laid over; P. Hawkins powers, $32 25, paid; J. H. Marshal, $150, balance due (or the month for October, and for the month of November, $153, paid; W. S. Caldwell, City Attorney, $100; J. H. Lappens, Marshal, $125; Fire Company, $100; W. J. Northrup, $205, which was ordered paid; $96, on B street contract, Northrup, balance due on contract, $; and other claims in favor of

PETITIONS ON THE TABLE.

A petition for the establishment of Alder street, from Seventh and Eighth streets, was taken from the table and ordered indefinitely postponed.

READING OF ORDINANCES.

An ordinance reported as a substitute for the several ordinances providing for the working of the streets convicted of the violation of ordinances, and creating a chain gang, was read and passed.

An ordinance making appropriations for sundry purposes was read a second time.

A motion was offered and read providing for memorializing to Congress of a memorial praying that the City of Portland be granted the right to build a bridge over the Willamette river, and the control of the same. Referred to the Committee on Streets and Public Property.

A motion instructing the Clerk to give notice for the construction of a sewer on Montgomery street from Sixth street, and Columbia street to the river, was adopted.

A motion instructing the Street Commissioner to cross streets where the sewers are in bad conditions on Columbia and Market streets, was read and adopted.

A motion instructing the Street Commissioner to erect a temporary fence upon the streets abutting upon Fourth and Hall and College street, was read and adopted.

A motion that the City Auditor issue warrants in favor of all property delinquents for street taxes, was read and adopted.

Several other resolutions of minor importance were read and adopted.

The Committee on Streets and Public Property, to whom was referred the subject matter of change of name of Fourth street, Caruther's Addition, were instructed to report at the next meeting.

The Brothers' Lounge.—The *American Odd Fellow* for November has been received. It contains sixty-two pages of new matter, nearly every line of which is original, instructive or entertaining. It had been improved since we saw a copy of it, and we must say that at the vast improvement it exhibits. It is the only publication of which every Odd Fellow may well be proud. It is published at $2 per year for single copies and liberal rates to clubs. Among the editorial notes we find the following paragraph concerning Oregon lodges: "The largest lodge in Oregon is Corinthian, No. 2, of Portland, which on the 1st of January had 130 members, which will be considerably increased. Oberon Lodge of Salem, Oregon, numbers over 100 members." Both Corinthians and Samaritans, besides being the largest lodges in the State, are parents of two or three other lodges. One lodge at least has grown from each since January; and still they are each large enough for all practical purposes. The order is rapidly gaining in membership and popularity in this State. We hear of a new lodge, the 54th in this State, that was instituted last week at Buena Vista, Polk county.

PETITION FOR PARDON.—A petition is in circulation and being pretty extensively signed, praying for the unconditional pardon of Joseph Bertram, lately convicted of manslaughter and sentenced for ten years in the penitentiary. The petition sets forth that the prisoner was recommended to the mercy of the court by the jury which convicted him, and there were mitigating circumstances connected with the killing. Under the circumstances, there is a pretty general opinion that the sentence was severe. We are not aware whether the Judge, Jury or the Prosecuting Attorney have signed or will sign the petition. If the movement do not come from them, we cannot see how it will accomplish anything. Besides this, we would deprecate the policy of making application for the immediate pardon of persons, convicted of crime, upon the mere incontrovertible evidence. The taking of human life is a matter of too momentous consequences other than self defense, is too light a matter as to be forgiven hastily. While mercy should be tempered with mercy, mercy should never take the place of justice. Let the man receive a reasonable punishment and then a pardon.

FIRE AT OREGON CITY.—About three o'clock yesterday morning, the McLaughlin House at Oregon City was discovered by a burglar who first explored the dining room and kitchen and captured all the eatables he could find. He then pursued his investigations into some of the sleeping apartments, in one of which he seized the pantaloons of a lodger; but just as he was about to leave, the lodger awoke and comprehending the situation, gave the alarm at the same time raising an alarm. The thief got away with the pantaloons, however, containing in one of the pockets, $3 75 in coin. There were two of the occupants of the room remaining on the outside to keep watch, as the first burglar rushed out pursued by the fellow outside who fired at the pursuer and then fled to his beat. The affair created some uproar, but it soon subsided, everybody returning again to bed. An hour later, the doors were again tried from the outside, it is supposed by the same scoundrels; but finding all on the alert, they again skedaddled. There is one of the railroad camps was robbed, and the grub the marauders could lay their hands upon. There is a general complaint from all the towns above that they are infested by gangs of petty thieves and burglars.

THE MECHANICS' INSTITUTE.—We learn that there is some talk being in this city a "Mechanics' Institute" like those existing in most large cities of the Union. An effort of this kind was made some years ago, but it never amounted to anything. There is no reason why the mechanics of this city should not form an organization of the kind. They are numerous enough and intelligent enough to start such an institution on such a basis as would insure success and be a great good to its members. Let it be tried.

A WELL.—A morning or two since we dropped an exchange paper, stating that in view of the fact that Front street, parties had made improvements near the corner to the amount of $600,000. A gentleman of this city has been exercising his "forsight" by taking up lots, lands, etc., on the Sound, says that "near Seattle, on the new town springing up at the head of Elliott Bay; and that most of this improvement is being done with Portland capital."

A NEW GANG PLOW.—Mr. J. Tustin, of this city, showed us last evening the model of a new gang plow invented by himself, and for which he has applied for a patent. It is as simple in construction as that of Mr. Mason, of Independence, while it has one or two important movements which Mr. Mason's has not. Three two plows are attached in theatre which are connected, one on each side, with the tongue, so that the stiff gear, so much admired in Mason's plow, is secured, either to plowing or traveling. The axle is merely an iron rod, with a crank at one end, and this is turned by a hand lever oscillating by the driver's side, to gauge the depth of the furrow. Thus the plows may be changed instantly to cut any depth from two to ten inches while in motion. In most all gang plows, the driver has to stop and dismount to gauge his plows. Another hand lever raises the gang out of the ground by a quick, easy movement, the gang being exactly level all the time. A double foot lever raises the gang at the same or heel at pleasure, no matter whether it be out of the ground, and serves to hold the rear down wheel-ey, in passing through hard soil, it may incline to run out. The arrangement for gauging depth of furrow is new and will be found more practically convenient than any now in use. Everything is simple and strong, and at the same time light. In the iron work there is no heavy welding and there is literally nothing to get out of repair. The cost of construction cannot be more than about two thirds that of Mason's or any other gang in use. While at the late State Fair, we took great interest in the trials of gang plows, and spent a good deal of time in examining the relative merits of all on exhibition. Mr. Mason's was clearly the best plow for Oregon; but it had one or two acknowledged faults which have, we think, been obviated in Mr. Tustin's gang. We predict for the latter, the general favor of the farming public.

"AURORA FLOYD."—This evening at Ohs Fluo Theater, will be performed for the first time in this city, the great sensational drama of "Aurora Floyd," adapted from Miss Braddon's famous romance of that name. Miss Braddon's novel made the author's fame and met with a greater sale than any story of modern times. The play adapted from it has a fame quite equal to the romance and when ever produced, it has had a successful run. It will be produced to-night with a strong cast, and all new scenes and properties.

LADIES' FAIR AND FESTIVAL.—The Ladies' Fair and Festival in behalf of the M. E. Church, will be held on Tuesday, Dec. 8th, in the armory building on Stark street, near Second. We notice this now, as an impression has prevailed that it would be held this week. Contributors leaving their names at the M. E. Parsonage will be waited upon their residences, and their offerings conveyed to the hall.

MRS SAVIER,
First of Association.

U. S. CIRCUIT COURT.—DEADY, JUDGE.—The following proceedings were had in the U. S. Circut Court yesterday:

H. D. Goulson et. al. vs. the city of Portland; in equity; bill to restrain the collection of tax to pay interest on railroad bonds; motion for temporary injunction. Mitchell for complainants, Trimble, Gibbs and Hill for defendant. Argued.

THE SMALL POX CASE.—We are informed that the man spoken of a couple of weeks since, as being found in this city sick with the small pox, and who was taken without the northern limits of the city, is rapidly recovering, and will, very soon, be able to be out. Another man found sick with the same disease, last week, and quietly removed to the pest house, is also getting along well. There is no occasion to fear the spread of the contagion.

DEEDS TO THE R. R. COMPANY.—We notice that a large proportion of the deeds recorded recently are for landsfor right of way to the West-Side Railroad Company. A noticeable fact in connection with them is that the consideration is "one dollar," which shows that our people are exercising a commendable liberality toward one of Oregon's greatest enterprises.

A HEALTHY MONTH.—Mr. Kierulff, the Sexton of Lone Fir Cemetery states that there was but one burial in that cemetery during the month of November and that so far as he knows, there were only five deaths in the city in that month. What other city of 5,000 inhabitants can say as much?

CIRCUIT COURT.—UPTON, JUDGE.—The following were the proceedings in the Circuit Court yesterday:

State of Oregon vs. Joseph Weiser; verdict of the jury not guilty. Gibbs for State, Reed and Thayer for defendant.

ATTEMPTED ESCAPE.—We learn that one or two attempts to escape, on the part of prisoners confined in the county jail, have been detected and thwarted within the last two or three days. The prisoners have, evidently, confederates on the outside.

SELLING OUT.—Messrs. Vallard and Guimette advertise that, for thirty days, they will sell staple and fancy dry goods at cost, to close out stock. A good opportunity, no doubt, for the ladies to get bargains.

UNITARIAN FESTIVAL.—The ladies of the Unitarian Society will have a sociable at their church this evening, to which all are cordially invited. These sociables are invariably pleasant affairs.

FAILS IN A FIT.—The complaining witness in the case of the State of Oregon vs. George Morehead, while in the court room yesterday, fell down in an epileptic fit and had to be carried out.

THOSE PERSONS who are in want of doors, windows, lime, cement and Plaster, or Pioneer oil-cake meal, would do well to call on Hurford & Hibbard, before purchasing.

LUNCH.—The ladies connected with the Trinity Church Festival, have the thanks of this office for an oyster lunch sent in yesterday afternoon.

The ten Western States of Ohio, Indiana, Illinois, Michigan, Wisconsin, Iowa, Missouri, Minnesota, Kansas, and Nebraska gave a majority of 285,000 for Gen. Grant. These States, which contain more than one-third of the population of the Union, voted solid against Seymour and Pendletonianism.

The Grand Traverse region of Michigan is somewhat Republican. Grant gets 840, Seymour 99.

ORGANIZE AND PRESSING.—Those new and beautiful styles of Parlor Suites, now so fashionable at the East, Can be seen at Horgren & Shindler's. Also, many rare articles of ornament and use, for the parlor and the house.

NIGHT SCHOOL.—Mr. Fitzgerald has opened a Night School in the schoolhouse (up stairs) near the Catholic Church. For Terms—See the Teacher.

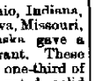
TEETH EXTRACTED
By Dr. Richardson's Apparatus, Lately Improved by Dr. Koehler, with Ether Spray.
WILLIAM KOEHLER,
DENTIST.


OFFICE—Southwest corner Front and Yamhill Streets, opposite S. J. Northrup & Co.'s Hardware Store.
I am now making, amongst numerous other styles of ARTIFICIAL TEETH, the improved Vulcanite Plates of Dr. G. W. Cool's Patent, patented Dec. 3, 186., the improvement of which consists in lining the entire concave surface with fine gold. It not only makes the plate double sweetened and cleaner than the common Vulcanite Plate. It also can by it be made considerably thinner and lighter, whereas the price is but little above that for common plates. Call and see specimens.
N. B.—Dentists wishing to secure the office right for Dr. G. W. Cool's Improved Vulcanite Plates can have it made out to them by applying to this office.
N. B.—To strangers I would say, that I constantly increasing Dental Practice for the last five years in this city, will be a sufficient guarantee for them to receive a First-Class and Finished Piece of Work. Numerous testimonials to the same can be given at the office.

Let us be Merciful to Ourselves.—The physical structure of the strongest human being is vulnerable everywhere. Our bodies are endowed by nature with a certain negative power, which protects them to some extent from unwholesome influences, but this protection is imperfect, and cannot be safely relied on in unhealthy regions, or under circumstances of more than ordinary danger. Therefore, it is wisdom, it is prudence, it is common sense, to provide against such contingencies, by taking an *antidote in advance*: in other words by fortifying the system with a course of HOSTETTER'S STOMACH BITTERS, the most complete protective against all the epidemic and endemic maladies that have ever been administered in any country. As a remedy for for Dyspepsia, there is no medicine that will compare with it. Whoever suffers the pangs of indigestion, anywhere on the face of the earth where HOSTETTER'S BITTERS can be procured, does so voluntarily; for as surely as Truth does exist, this invaluable Tonic and Alterative would restore his disordered stomach to a healthy condition. To the Bilious it is also especially recommended, and in cases of confirmed Constipation it affords speedy and permanent relief. In Canada, the West Indies, and Australia, the Bitters rank above all other medicines of the class, and the demand for them in all foreign countries increases every season.

The Importance of a Correct Decision!—Thousands of persons suffering from the effects of a cold, apparently trifling, delude themselves with the too common idea that it is of little consequence, and will soon wear off, when, in fact, it is the first note of a death knell, unless it be promptly decided upon. "NEWBRIGHT'S PULMONARY SYRUP," the most effective remedy known, for the speedy cure of colds, coughs, pain in the breast, and the usual premonitory affections of the chest, that precede consumption.

We pledge ourselves to make no representations in relation to Redington & Co's Florida Water, which will not be verified in every case by its use, and positively assert, that no Foreign or American article can be found possessing superior virtues, or equalling it, especially in these two points of exquisite and enduring fragrance, and in the delicate blending of ingredients in its preparation.

Genius finds its own readand carries its own Lamp.—So it is with DR. E. COOPER'S BALM. It recommends itself, those who have tried it will tell you so. It cures Diarrhœa, Dysentery, Cholera, Cramps and all other complaints of this nature.

G. VENARD,
CHARTRES COFFEE!
Manufactory Established in June, 1851.
STEAM POWER, NOS. 625 AND 627 FRONT ST.
HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE, GREEN COFFEE of the best qualities. CREAM OF TARTAR and SPICES of all sorts.
The undersigned, who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise, which commands here, and in the markets of the interior, a relatively higher price, excites the cupidity of some manufacturers, and every day he sees increasing the number of those who, by counterfeit or imitation of his mark, seek to deceive the public, palming upon them their inferior productions for the genuine G. VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only adds to the favorable opinion of it consumers, the very flattering though unwilling testimony of the counterfeiters. Nevertheless, buyers should be forewarned, and placed on their guard against this practice.

WOLFE'S
CELEBRATED
AROMATIC
SCHIEDAM SCHNAPPS.
TO THE CITIZENS OF OREGON:
I BEG LEAVE TO CALL THE ATTENTION OF THE citizens of Oregon to my celebrated AROMATIC SCHIEDAM SCHNAPPS, a medicinal, that drink of eminently salutary qualities manufactured by myself, exclusively, at my factory at Schiedam, in Holland.
In travel, Gout and Rheumatism, in obstructions of the Bladder and Kidneys, its effects are prompt, decided, and invariably reliable.
It is now some twenty years since the Proprietor first introduced it to the American public, and during that time he has received over 3,000 letters from physicians, endorsing it as the purest liquor they have ever used in their practice.
It is made from barley of the finest quality, selected with great care from the products of the most celebrated grain-growing districts, is flavored with the essence of the aromatic juniper berry of Italy, and is rectified by a peculiar process, which expels from the spirit every acrid particle.
As a means of preventing and correcting that tendency to which sudden changes of water—a visitatic to which travelers, new settlers, and all unacclimate persons are peculiarly liable—the
SCHIEDAM AROMATIC SCHNAPPS
Will be found absolutely infallible; while, in cases of dropsy, gravel, obstruction of the kidneys diseases of the bladder, stricture, dyspepsia and general debility, it is recommended most emphatically by the most distinguished members of the medical profession.
It is put up in quart and pint bottles, in cases with the name of the undersigned on the bottle and cork, and a fac simile of his signature on the label. For sale by all respectable druggists and country merchants.
Are you WEAK, DEBILITATED, NERVOUS? Is your sleep disturbed? Do you have palpitation of the heart, an inclination to melancholy? Diseases of such a nature require a prompt DIURETIC, which will be found in
Wolfe's Aromatic Schiedam Schnapps.
Wolfe's Schiedam Schnapps
Is sold by all Grocers and Apothecaries.
Wolfe's Schiedam Schnapps
Is recommended by all the Medical Faculty.
Wolfe's Schiedam Schnapps
Is imitated and counterfeited, and purchasers will have to use caution in purchasing.
WOLFE'S AROMATIC SCHIEDAM SCHNAPPS,
Imported by UDOLPHO WOLFE, of New York, expressly for medicinal and private use.
WHAT DO YOU DRINK?

Late News Brevities

(From New York papers, Nov. 14.)

Thurlow Weed arrived at New York, from Europe, Thursday, with much improved health.

"After Grant what?" Titan says women's suffrage. But is not this unconsistent with, "Let us have Peace?"

Grant's secretary, Gen Badeau, takes charge of all applications for office, with instructions to burn them all without showing them to him.

Frank Blair heard the news at Chicago, and said he "had been beaten like hell;" that Salt River was not large enough, and he was going to Salt Lake, and he started.

The Democrats are likely to lose more in the Senate of the next Congress than they will gain in the House. There will be 68 members, leaving out Virginia, Mississippi and Texas, and of these the Democrats will have only eight

Since Hoffman's majority for governor of New York has got up to 25,000 or thereabouts, the Republicans talk less about contesting his election. They will probably "let him slide," and do better for Mr. Griswold, who is a fresh young man, next time.

Governor Baker of Indiana declines to be a candidate for United States Senator in Hendrick's place. He says that the people have elected him Governor and he proposes to obey their verdict. The Senator won't go a begging, however, for some time to come.

H. T. Hembold, the New York bucket man, became suddenly insane, Thursday, and was at once taken to a lunatic asylum. His store on Broadway has just been magnificently fitted up at an expense of $20,000, and on Wednesday evening it was reopened with a grand reception, and the costliest wines and refections free to all comers.

The defeat of the vulgar congressional blackguard Donnelly, in Minnesota, is confirmed. His character, and his determination to rule or ruin, lost the district to the Republicans; but that will be a useful lesson. The Democrat chosen served honorably in the war, and is a gentleman as well as a soldier. He will probably be found supporting the Grant administration.

La[illegible]ance had one case of "woman suffrage" on election day, and the character of the case is a good argument for giving the [illegible] privilege to all her sisters. This case occ[illegible]d in Ward five, where a strong-willed [illegible] woman, whose husband proposed to vote the Democratic ticket, took him by the arm, went with him to the ballot box, and when his name was challenged by the inspectors, herself put into the ballot box, for him, a Grant and Colfax ticket.

[illegible]al Reynolds, commanding in Texas, [illegible]s that since the close of the war there have been officially reported to him as occurring in that State, *seven hundred and sixty-one* [illegible] six being of whites by negroes, and *four hundred and sixty-four being of negroes by whites*. The worthlessness of the civil authority is shown by the factthat *only one person* has been hung against this startling record of crime. The general says it is impossible to get the courts to do justice in behalf of negroes where the offender is a white person.

Financial Matters.

The Springfield (Mass.) *Republican* of the 14th [illegible] has the following:

[illegible]ary McCulloch has won no laurels in the A[illegible]ion, and had the pinch held on a day or [illegible]ger it is certain that his reputation would have [illegible] still more severely. The truth of a number of floating and contradictory rumors—Washington and New York is, that the [illegible] did yield to the pressure for inflation, and [illegible]ing $3,500,000 of three per cent. certificates. Assistant Treasurer Van Dyck at New York did [illegible]atherine him to issue them when he [illegible] the exigency ended About that time [illegible], the stringency relaxed a little, and Mr. Van Dyck has not put out any of the [illegible] at his command. He thinks, and [illegible] that Mr McCulloch agrees with him, that every sales of gold [illegible] all the relief to the money [illegible] and all that the government [illegible] afford. This conclusion, reached at a late day, and [illegible] public at a later, is where the [illegible] officials should have started, and where subsequent progress should have been [illegible] the opposite direction from that in which they [illegible] to have been driven. Mr. McC[illegible] to have almost succumbed to the [illegible] upon him, and his course has been that of [illegible] and indecision. His previous record has been against inflation, and his financial policy has apparently been governed by principles which would lead to moderate and steady contraction; but his action in the past few days has shaken public confidence in his integrity [illegible] for his ability. It is unfortunate that [illegible] they should have been so sorely tried, [illegible] the country had elected Grant and proclaimed decisively and overwhelmingly for honesty and a return to specie payments. The Secretary has exposed his [illegible] and painfully shown his want of a [illegible], which the New York *Tribune* declares to be the worst feature in the whole business, and [illegible] so great an outrage that the [illegible] financial public are incensed at the free[illegible] of it." It even goes so far as to [illegible] that complicity of Government officials with the stock speculators, and adds: "For [illegible] few days a number of dispatches in the interest of the Treasury ring have been received [illegible] have caused frequent rises in Government [illegible], and equally sharp declines, and has [illegible] a conviction in the public mind that already approaches a certainty that the whole thing is a [illegible] rigging game, whereby a few people are in control of the department, and have the [illegible] of advancing or depressing values as they [illegible] It is not believed that any more greenbacks [illegible] and it is more than doubtful [illegible] any law under which a legal issue can [illegible] but the public have been led to suppose [illegible] be done, and have been buyers of [illegible] on that hope, which now is likely to fail [illegible]

One Passenger too Many.

A BABE ON THE WING—PREMATURE LESSONS IN MATRIMONY—A MODEST CONDUCTOR IN A NEW ROLE.

[From the Knoxville Press and Herald.]

The train from Bristol to Knoxville yesterday was speeding on its western way joyously. At [illegible] it was reinforced by a couple—gentleman and lady, man and wife—evidently of good [illegible] though somewhat fatigued by a ride, [illegible] mail-hack ride from the mountains of [illegible] North Carolina. The huge lord, yet in activity of life, had nothing in his appearance or demeanor to attract any other notice than that usually accorded to a gentleman. The lady—and she was evidently a lady in the true sense—while apparently rejoicing in the exuberance of health to the discerning and experienced eye, was manifestly not well at ease with herself, after her dire granting mountain ride. She certainly took no pains to affect the "Grecian bend."

"All aboard!" cries Henry Lyle. Clang, clang, goes the bell; toot, toot, the whistle, and away goes the train.

Now in that car—we mean the car in which our couple are seated—were all manner of folk—the grandpa, the grandma, the pa, the ma, but, better than all, something less than a dozen of those animated blossoms of maidenhood, with whom the [illegible] of matrimony were as the arcana of the [illegible] Not a few nice moustached young pro[illegible] of the tailor and barber were around to [illegible] the fragrance of the blossoms aforesaid.

The train sped on—our couple rested cosily together in their double seat. The rough ride from Ashville, for the nonce was forgotten. Alas, it was only forgotten to give way to present misery. What[illegible] it mean? The conductor is called, and [illegible] Lyle, always prompt to relieve the distressed, is on hand. Being a man of quick perception, and blest with[illegible] some experience in matters matrimonial, a short, private interview determines in his current treatment.

"All the gentlemen will please move to the forward car," was the gentle order.

"What's the matter? Is anything wrong?" cried the maidens.

A shake of the head, and a few terrific frowns from a motherly dame awed them into silence.

"Why all this, Mr. Conductor?" deferentially exclaimed they of the moustache and gold chain.

"All the gentleman forward *at once*!" persisted Henry.

"Yes, go right on now," cried she of the cap strings. "Don't be stoppin', but go right along! *Big things are goin' on here!*"

And they did go forward, without knowing why. A blanket was hung up over the glass door of that car! Henry Lyle was hunting a doctor at every wood-yard! The banished males were not re-admitted to that car! The young ladies didn't get out of that car! Ehem?

* * * * * * *

When the cars got to Knoxville Henry was embarrassed to find a passenger aboard for whom he had no ticket.

It's a boy and they call him Henry Lyle.

Mr. Zachariah Wilson, Portland, Oregon, writes:

"It requires an article of real merit and intrinsic value to sustain itself during the stormy ordeal of public experiments. Murray's Improved Magic Oil has stood the test of time and has not been found wanting. The astonishing efficacy that I experienced—in curing me of Chronic Rheumatism and Lumbago, of long standing; entitles Dr. Murray's Premium Lung and Liver Balsam and Improved Magic Oil to a high rank in the list of remedies for Rheumatism, Lumbago, Ear aches, Distressing Pains etc."

John English of Howell Prairie, Marion county, Oregon, writes:

"I was taken with a severe attack of Rheumatism in my knee joints and extremities accompanied with a severe cough for two months so that I had to use crutches, meanwhile trying all remedies in common use. Your Magic Oil and Balsam gave me instant relief, and I was able to walk in four days without crutches. I have not had any rheumatism since. I have seen your family medicines used with excellent success. I have no hesitancy in saying it is the best preparation for family use ever tried for these complaints. I am now on my way to South America, after residing in Oregon twenty years. I must now have two dozens Balsam and two dozens of your Magic Oil, dollar bottles, as I am sure they are the best remedies in Oregon, and I would not be without them in my house, and when this package of medicine is exhausted I will send to your office in Portland for a fresh supply. J. ENGLISH.

CHANCE OF NAME!

MERCADO & CO., SUCCESSORS TO Mercado & Senili, have been obliged for their own protection and the safety of the public, to change the name of their celebrated Bitters to

MERCADO'S
Native California Wine
BITTERS

We subjoin the following affidavit in an injunction suit formerly pending between Mercado & Senili, plaintiffs, and G. A. Elmore, defendant:

P. Samsevain, being duly sworn, says: "That the article known as Samsevain's Gold-coin Wine Bitters was manufactured by Mercado & Senili, about the month of March, 1861, without the said Samsevain Brothers having any concern in the manufacture thereof. The deponent has always known and considered said Mercado & Senili as the Sole Proprietors of the Samsevain California Wine Bitters."

Notwithstanding the above affidavit the said P. Samsevain is putting up a compound under the name of Samsevain's California Wine Bitters, representing it to be the same as our celebrated Bitters, which we have been manufacturing and selling in immense quantities since 1860, and also affixing a nearly similar label to that used on our genuine Wine Bitters. BEWARE OF DECEIVERS! Send for

MERCADO'S

NATIVE CALIFORNIA WINE BITTERS,

And you will obtain the same popular beverage so favorably known since 1860. Beware of Counterfeits! Purchasers of our *Wine Bitters* are requested to observe the fac-simile of yellow label, and see that the words "MERCADO & SENILI, SAN FRANCISCO," are engraved on the Government stamp pasted over the cork of each bottle. This is the only effectual security against the counterfeit imitations.
